# ABOUT US

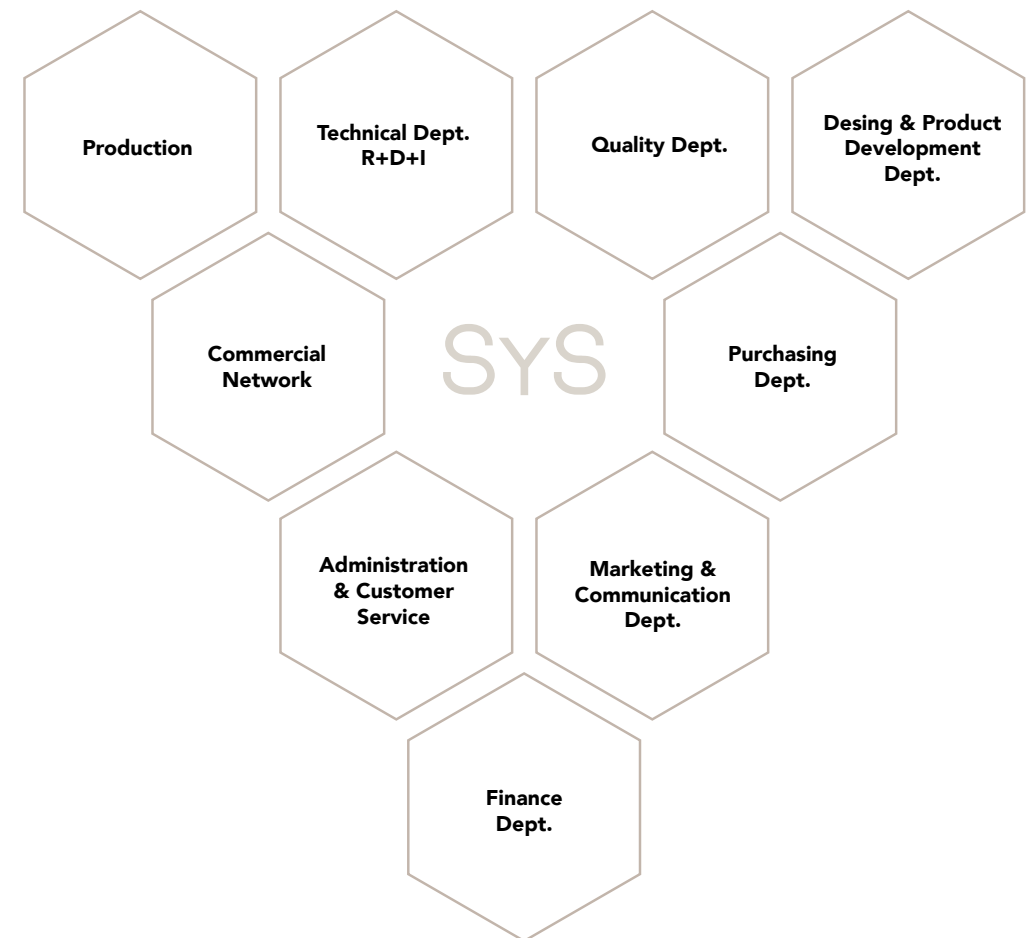

At **Laboratorio SYS** we have been creating and manufacturing natural cosmetics, bath products and natural aromas since 1991.

In 30 years we have grown to become a benchmark in natural cosmetics and aromas. All this thanks to the high quality of our products, in which we only use natural raw materials and which have passed the most rigorous quality controls throughout the production process.

We are located in Torrent (Valencia). Our 5.000m<sup>2</sup> facilities are equipped with the latest technologies and work with renewable energy systems. In addition to the factory, our offices, a modern laboratory and an R+D+I department are located there, where we design the most innovative products to meet the latest market needs.
