At Laboratorio SYS we ensure the environmental control of the activities we carry out in our facilities, which are equipped with renewable energy systems. We follow programmes to achieve zero emissions and become completely free of plastic. We only use natural raw materials, with the maximum respect for manufacturing processes and waste treatment. Our greatest responsibility is to our environment and our planet.

We are located in Torrent (Valencia), with 5,000m² of facilities equipped with the latest technology. In addition to the factory, our offices, a modern laboratory and an R+D+I department are located there, where the most appropriate products are designed to meet the latest market needs. We are constantly developing new product lines that maintain our demanding standards of quality and innovation.

We are committed to offering the highest level of quality, always exceeding the most rigorous controls and promoting the continuous improvement of the production process. We transfer this quality to our facilities, to our team of professionals who are 100% involved and committed to the company. Quality in everything we do, in our way of working and doing things.

Since 1991, at Laboratorio SYS we have been developing a wide range of products dedicated to the aroma of your home and any space, with the most select essences.

Fragrances made with natural aromas that create unique and unforgettable atmospheres: fresh, exotic, intense, citric, floral... Scents that make every home, car, office or any other place a unique space with its own personality.

To guarantee the maximum quality of our aromas, we only work with the best raw materials. And we offer them in the most varied formats: air freshener sprays, mikados, incense, diffusers, hangers or sachets.

Our aim is to respond to the needs of our customers by **manufacturing the best products** and ahead of the latest market trends.

And always with our maximum **respect for the environment**.

Fruits, flowers, citrus fruits, spices and wild aromas are the hallmarks of our SYS Collection of air fresheners. With renewed formats inspired by the very essence of SYS: Nature.

1991 Collection

mikado reed diffusers

100ml

CASHMERE AND VANILLA Ref. 16772

The soft, velvety notes of cashmere intertwine with the seductive sweetness of vanilla, creating an irresistibly pleasing combination. This intoxicating scent will linger in the air, giving you a sense of calm and sophistication.

WOOD AND VETIVER Ref. 16770

The vetiver woody scent is captivating and comforting. The woody notes evoke the serenity of a forest, while the vetiver, with its characteristic earthy and smoky touch, adds a sense of warmth and elegance.

RHUBARB AND LAVENDER Ref. 16774

The rhubarb scent brings a fruity and tart note, while the lavender adds a herbal and calming touch. Together, they create a harmonious fragrance that will fill your space with an aura of serenity and well-being.

BERGAMOT AND MANDARIN Ref. 16776

Immerse yourself in a revitalising citrus journey with this captivating combination of bergamot and mandarin. Bergamot brings a fresh and gently spicy citrus note, while mandarin adds a juicy and vibrant touch.

MOON REFLECTIONS

Ref. 16752

Immerse yourself in the night with the fresh, Mediterranean scent of rosemary, revitalizing mint and the gentle essence of white musk. A perfect balance to relax and rejuvenate your senses.

WILD BREEZE

Ref. 16750

Fill your space with fresh, revitalising energy with the powerful combination of eucalyptus, lemon and lavender. A refreshing boost to your mind and an escape into the wild.

SWEET SUNSET

Ref. 16756

Capture the beauty of sunset colours with the fragrance of roses, jasmine and the softness of lavender. Enjoy a sense of peace and calm in every corner of your home.

BOREAL SKY

Ref. 16754

It envelops you in the magic of a starry sky with an intriguing fragrance of bergamot, the warm sweetness of vanilla and wood. An olfactory experience that will transport you to a universe of tranquillity.

ULTRASONIC
HUMIDIFIER
DIFFUSER
WHITE 255ml
Ref. 04002

With a minimalist design, this misting device regulates and increases humidity, significantly improving the environment. It reduces the risk of proliferation of microorganisms that cause respiratory infections. Ideal for regulating the humidity in children's and babies' rooms without interfering with their rest. Excellent Brumaromas diffuser for perfuming and freshening up any room. With coloured LED lights that produce a beautiful and gratifying effect, its 255ml water capacity is equivalent to 8 hours of use without refilling. It turns off automatically when the water runs out, so it is safe to use at night, or at any time, unattended.

LIFE OF LEASURE

300ml

**ULTRASONIC
HUMIDIFIER
DIFFUSER**
LIFE OF LEASURE 300ml
Ref. 04005

The Life of Leasure Ultrasonic Humidifier is an aroma diffuser that helps to regulate and increase humidity, significantly improving the environment. It reduces the risk of proliferation of microorganisms that cause respiratory infections. This humidifier creates steam by means of silent ultrasonic vibrations, reducing unpleasant odours and filling the whole room with any type of fragrance, whatever it may be, as it does not incorporate any filter, it accepts the Water Soluble Essences, Natural Essences and Essential Oils. It is backlit with Led lights of up to 12 colours, which gives it a fun and elegant touch, producing a beautiful and gratifying effect. Its 300ml water capacity is equivalent to about 10 hours of use without refilling. It turns off automatically when the water runs out, so it does not involve any risk and can work at night, or at any time, unattended.
